

**CERTIFICATE COURSE IN WORLD TRAVEL GEOGRAPHY
MICC117**

**DEPARTMENT OF TOURISM
MAR IVANIOS COLLEGE (AUTONOMOUS)**

ABOUT THE COURSE

Tourism is one of the fastest growing industries in the world and its study encompasses over a wide array of course subjects. Travel geography is an important area of tourism with numerous diversities. Geography is central to tourism as travelers take into account the travel time, routing, and local climate when choosing a vacation.

Studying world travel geography helps to understand the relationship between geography and tourism. It helps for a better understanding about the countries and destinations around the world, their unique weather and climatic conditions. This certificate course will enable you to create travel itineraries connecting global destinations by your own and offer tailor made itineraries for your acquaintance for their vacations.

COURSE OBJECTIVE

This course will familiarize the students on travel destinations around the world and provide them the knowledge of creating travel itineraries.

LEARNING OUTCOME

By the end of the course the student will be able to:

- Define tourism and geography
- Explain the climatic regions of the world
- Explain time zones, time calculations and flying time
- Prepare travel itineraries of destinations from different continents.
- Read maps using latitudes and longitudes.

REQUIREMENT

- World Atlas (Preferably latest edition)
